## QUESTIONS

## LEVEL 3 — HARD

Q1

Numbers

Q2

Control

2 / 2 saved

Level 3 — Hard (H) Balance — Control

Submitted

Develop a JAVA code to display the balance. Include the following members:

- Design a class to represent a bank account.
- Data Members: Name of the depositor, Account number, Type of account(Savings/Current), Balance amount in the account(Minimum balance is Rs.500.00)
- Methods:

1. To read account number, Depositor name, Type of account.

2. To deposit an amount (Deposited amount should be added with it)

3. To withdraw an amount after checking balance(Minimum balance must be Rs.500.00)

Note : Assume that balance amount = 10000

Testcase: 1. 100, Raja, S, 8000

2. Raja, 100, S, 9000

3. 101, Rani, S, 12000

4. 102, Ragu, W, 8000

5. 103, Ravi, C, 10000

## Your Code

```
1 import java.util.*;
2 public class Main{
3     static class bankacc{
4         String name,type;
5         int accno;
6         double balance;
7
8         bankacc(int accno,String name,{'
```

```
9         this.accno=accno;
10        this.name=name;
11        this.type=type;
12        this.balance=balance;
13
14    }
15    void deposit(double amt) {
16        balance+=amt;
17        System.out.println("balance after deposit is "+balance);
18
19    }
20    void withdraw(double amt) {
21        if( (balance-amt)>=500)
22            balance-=amt;
23        else
24            System.out.println("insufficient balance");
25        System.out.println("balance after withdraw is "+balance);
26
27    }
28    void display() {
29        System.out.println("account details are");
30
31    }
32
33 }
34 public static void main(String[] args) {
35     bankacc b1=new bankacc(120,"raj","savings");
36     b1.display();
37     b1.deposit(500);
38     b1.withdraw(1000);
39     bankacc b2=new bankacc(200,"reema","savings");
40     b2.display();
41     b2.withdraw(1000);
42
43 }
44 }
```

## Output

```
account no:120, name:raju, types  
balance after deposited:8000.0  
balance after withdraw:7000.0  
account no:200, name:rema, types  
balance after withdraw:7000.0
```
